

# Matters

## General Election Edition

### Law and Order

With more police officers being recruited into the local area I will work with local officers and the council to tackle drug crime and anti-social behaviour.

Leicestershire Police have seen success with Operation Lionheart and many offenders have been prosecuted.

I have carried out door to door surveys with the police, the council and local community groups on the Bell Foundry estate to gain a greater understanding of the issues that matter to local people.

Conservatives

### Flooding

We need to tackle flooding in our area and protect the local environment by fighting for a better flood mitigation scheme in the Soar Valley.

### Education

I want to see a good school place for every child, which also means increasing per pupil funding for school children. We need the infrastructure in new housing developments as well.

I will fight for more school places where new homes are built. In my work as a caseworker to Nicky Morgan I have submitted appeals on behalf of individual parents supporting their request for a school place and helped many parents to secure their preferred choice.

### Local retail

Loughborough market and independent shops are important to our local economy.

With my local involvement with the Chamber of Trade, as a member of Loughborough Town Team, and recently Shepshed Town Team I have worked with local businesses and retailers in the area. I will fight to deliver the Town Deal for Loughborough of up to £25 million investment helping to create a vibrant destination shopping area for our town centre and the wider community. I will also support projects in Shepshed and the village centres.

### NHS

I am backing the £450 million deal to our acute hospitals as well as a new maternity unit and children's hospital in our area. I will also fight to support our local GPs and patients so that everyone has access to the healthcare they need.

A Conservative Government will commit to protecting our precious NHS, maintaining an outstanding, free service for all.

**Our NHS is not for sale.**

### Broadband

We need faster internet in our rural areas and in some of our newer developments. So, I will act to deliver reliable and fast broadband to meet the modern pace of life. It will help our rural communities and boost business, including homeworkers across Loughborough.

I am keen to work with developers, communications providers and local people to secure gigabit solutions.

## About your local candidate — Jane HUNT

I have lived in the constituency in Quorn with my husband and grown up children since 1995. I have been a councillor at Charnwood Borough Council first in Loughborough Nanpantan Ward from 2003 to 2015 and then from 2018 in Quorn and Mountsorrel Castle Ward.

I sit as a trustee of two local charities and I have previously been the Honorary Secretary of Loughborough Chamber of Trade and Commerce; Chairman of Loughborough Ladies Circle; and a school governor for over 10 years.

My work has included management in a national corporate company and in the civil service. For the last 9 years I have been caseworker to the previous Member of Parliament Nicky Morgan, dealing with issues on behalf of constituents, putting their case forward and helping them to solve problems.

Being local I know many of the key contacts in the area and the issues important to local residents and I am well known for getting the job done.

**I need your help, please vote for me on 12<sup>th</sup> December, remember every vote counts.**

## My views on Brexit

In 2016 I voted for Britain to Leave the European Union. I believed then, and still do now, that Britain has a bright, independent future ahead of us.

The Prime Minister has negotiated a great new deal, so we can leave the EU without disruption and build a new relationship based on free trade and friendly cooperation. Without a Conservative majority we will experience yet more dither and delay. We need to get on with it.

The Prime Minister's deal means we can take back control, respect the referendum result and get Brexit done. Then we can focus on the people's priorities; investing in our NHS, tackling violent crime, and cutting the cost of living—including increasing the National Living Wage to £10.50.

**With your support, and a Conservative majority government, we can Get Brexit Done.**
